

Ducks in a Row

by mr.oscat

I've got a big blue cow that can stand on his head
Got himself a monkey friend, they jump on the bed
I've got a cat named Sam who sounds like a bird
So he Polly-wants-a-cracker all night, so I've heard
I've got a fish, a geese, a lamb and a crow
But all I want to do is get my ducks in a row

I've got a horse named Dot who'll sit in a chair
She'll read Dr. Seuss to anybody that cares
I've got a bird that climbs way up in the tree
I've got a mouse that smiles at everybody he sees
I've got a bat named Vlad, he flies way down low
But all I want to do is get my ducks in a row

I've got ducks in the kitchen, got ducks in my bed
I've got ducks on the ceiling, got ducks on my head
I've got ducks running fast, I've got ducks flying low
But all I want to do is get my ducks in a row

I've got ducks flying high, I've got ducks running slow
But all I want to do is get my ducks in a row

I've got a frog that likes to ride around in a car
I find him kind of funny, 'cause he thinks he's a star
He waves to all the people sitting there from the back
And charges twenty dollars for a signed photograph
He says his name's Will, but his real name's Moe
But all I want to do is get my ducks in a row
